□ 1911

So (two-thirds being in the affirmative) the rules were suspended and the resolution was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. COFFMAN of Colorado. Madam Speaker, on rollcall No. 815 I was unavoidably detained. Had I been present, I would have voted "aye."

PERSONAL EXPLANATION

Ms. LEE of California. Madam Speaker, today I missed rollcall vote No. 814 on H. Res. 368, congratulating the University of Iowa Hawkeyes wrestling team, and rollcall vote No. 815 on H. Res. 562, congratulating the Syracuse University lacrosse team. Had I been present, I would have voted "yea" on H. Res. 368 as amended, and "aye" on H. Res. 562.

MESSAGE FROM THE SENATE

A message from the Senate by Ms. Curtis, one of its clerks, announced that the Senate has passed a bill of the following title in which the concurrence of the House is requested.

S. 1929. An act to provide for an additional temporary extension of programs under the Small Business Act and the Small Business Investment Act of 1958, and for other purposes.

ENERGY-EFFICIENCY
RETROFITTING

(Mr. TONKO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TONKO. Madam Speaker, this May at a meeting of the Middle Class Task Force, Vice President BIDEN asked White House staff to develop a proposal that would grow clean-job opportunities and boost energy savings by retrofitting homes for energy efficiency.

In response, CEQ facilitated a broad interagency process to develop recommendations.

I commend those recently released recommendations and the leadership of our White House on energy policy. Through the Recovery Act's unprecedented investments in energy efficiency, we are making it easier for American families to retrofit their homes, helping them save money.

Existing techniques and technologies in energy-efficiency retrofitting can reduce energy use by up to 40 percent per home and lower total associated greenhouse gas emissions by up to 160 million metric tons annually. Retrofitting existing homes also has the potential to cut home energy bills by \$21 billion annually.

We must continue to drill and mine energy efficiency as our fuel of choice, like we drill for oil and mine for coal.

□ 1915

TEENS AGAINST DOMESTIC ABUSE

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Madam Speaker, I rise in support of House Resolution 817, supporting the goals and ideals of National Domestic Violence Awareness Month.

Domestic abuse is a terrible and often hidden problem that plagues our Nation and affects millions of families every year. In my congressional district of south Florida, extraordinary groups such as Teens Against Domestic Abuse, or TADA, are working to raise awareness about domestic abuse.

TADA is Florida's first teen antidomestic violence advocacy group. Their commendable efforts, including working with the Women's Fund of Miami-Dade County, will be hosting an event called, "Break the Silence; Break the Cycle" on November 5 in Miami. This event will highlight the spreading frequency of domestic violence throughout the U.S. and how all socioeconomic and ethnic groups are impacted by this crisis.

TADA strives to educate children and teens about the prevalence of domestic abuse in all types of relationships. I encourage everyone in south Florida to show their support on Thursday, November 5.

UNITED AMERICAN FAMILIES ACT

(Mr. QUIGLEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)
